

✓ CHOICES

Community of Practice

The CHOICES Community of Practice provides opportunities to connect and learn with others to understand how a cost-effectiveness analysis framework can advance obesity prevention, healthy eating, and active living efforts and address health equity.

WHAT DO WE OFFER?

Opportunities for learning and sharing include:

- 1 Training and technical assistance**, such as live training sessions and training videos
- 2 Engagement with other members**, such as regular coffee chats focused on current topics
- 3 A resource library, including fact sheets**, research briefs, Stories from the Field, and more!

WHAT ARE OUR KEY FOCUS AREAS?

Identifying Effective Strategies to Promote Healthy Weight

Understanding Cost-Effectiveness Analysis

Applying the CHOICES Framework

WHO SHOULD JOIN & WHY?

The CHOICES Community of Practice includes people whose work focuses on advancing obesity prevention, healthy eating, and active living and want to learn more about how cost-effectiveness analysis can advance their efforts and address health equity.

Joining the CHOICES Community of Practice will provide you with opportunities to help you build upon the work you're already doing to promote healthy weight, meet and connect with other members, and more!

It's our goal to help inform efforts to slow the rise of obesity in state and local communities by creating environments that support healthy behaviors and promote health equity.
